Quarreling Over Expected Spoils

Washington, April 27.—A cable to the Italian embassy indicates that Bulgaria and Turkey are quarreling over the expected spoils while a German newspaper says none of the spoils should go to either but that instead all should go to Germany.

ADDITIONAL TELEGRAM PAGE 2.

H. F. Michael reports that he has found one man in the county who possesses 100 of the \$5.00 war saving stamps.

It is C. F. Peterson of South Long Lake. He also bought liberally of Liberty Bonds, investing in \$1,000 worth.

Mr. Michael states that a campaign similar to the Liberty Loan campaign will soon be put on and efforts will be made to secure pledges for sums up to \$1000. He also states that if any exceed Mr. Peterson's holdings of W. S. S. he would like to have the information.

A most interesting and instructive patriotic program was rendered at the Stedfelt school house at the south end of South Long Lake Thursday night. Miss Gray, the teacher, had drilled the children splendidly and most all numbers rendered were intensely patriotic.

At the close of the program Mrs. Ira Camp Hartley, the county superintendent of schools, presented diplomas to Arthur Maust, May Fitzpatrick and Eliza Peterson who graduated from the eighth grade. Miss Peterson was valedictorian. Following this H. F. Michael gave a patriotic talk and presented the War Saving Stamp plan.

The school house was crowded. It was one of the best attended school house patriotic meetings held in the county. The building was elaborately trimmed with the national colors.

This week closes the year's term and Miss Gray returns to her home in Deerwood.

With crowds cheering, band and drum corps playing, flags waving and Brainerd's big service flag swinging in the breeze, quotas from Crow Wing, Cass, Beltrami and Aitkin counties left for Camp Dodge, Iowa, training camp this afternoon.

All the men were served a satisfying dinner at the Ransford hotel. Crow Wing county men were given comfort kits by the ladies.

Crow Wing county's delegation of forty had Clyde E. Parker as captain and he marshalled his men in orderly array.

Cass county's quota of twenty had Robert Henry Schmelzer as captain.

Aitkin's quota of nineteen was captained by Victor Peterson.

Beltrami's thirty-nine were captained by J. K. Walker of Bemidji.

H. J. Councilman, trainmaster of the Lake Superior division, accompanied the men to Brainerd. Henry Flanagan, trainmaster of the St. Paul division, accompanied the men to St. Paul.

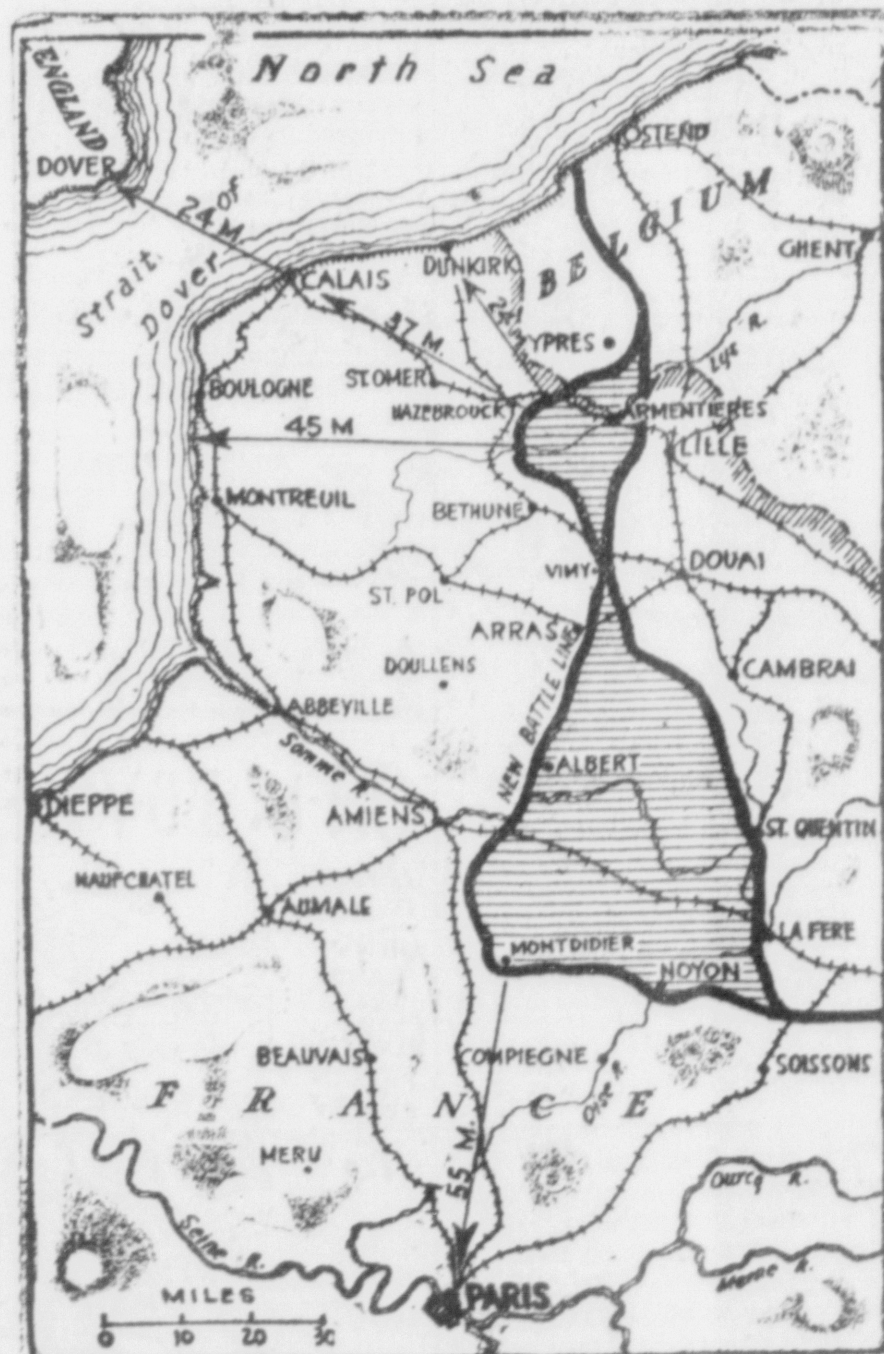

All business was suspended in Brainerd from 11 A. M. to 2 P. M. Flags waved on all sides. Crowds were so dense there was no attempt at a parade. The Brainerd City band played and the Machinists' drum corps gave selections.

As the band played "The Star Spangled Banner" every head was bared and the national air took on a new meaning. Eyes grew moist. The train moved out, the engineer whistled and with hearty cheers from men and spectators the lads from four counties went to war.

This is the list of Crow Wing county boys summoned to leave today:

128. Clyde E. Parker, Brainerd, 626 N. 4th St.

How Germans Try to Get Channel Cities

The lined space between Arras and Hazebrouck, showing the latest ground gained by the Germans in their drive against the British, illustrates their effort to get the channel cities of Dunkirk and Calais. By pressing back the British lines beyond Arras the Germans may compel them to move their line at the coast back also. The Germans are now pressing just twenty-four miles south of Dunkirk and thirty-seven miles southeast of Calais. Since the distance from Calais to Dover in England is twenty-four miles, the whole

Extreme Gravity Holland-Germany Fifth Demand Made

BY ED L. KEEN.

(Staff Correspondent, United Press) London, April 27.—Diplomatic information from Holland emphasizes the extreme gravity of the Holland-German situation. Germany's demands means that Holland must abandon her neutral position if she yields, and the question here is "What will Germany do if she don't?" Newspapers indicate that Germany is deliberately picking a quarrel with Holland. It is understood that Germany has sent Holland four demands, the fifth which is a verbal and drastic one just having been received.

Holland Yields to Germany one Point

German Sweep to Ypres Checked Temporarily

(By United Press)

Hindenburg's sweep to Ypres from the south is checked temporarily at least. The whole northern portion of the Flanders battle front from Lys to the Ypres canal is ablaze with desperate fighting, but the enemy's advance after a long struggle which carried them through the barriers of the hills into the lawlands, is now held at a point southwest of Voormezele. This village is two miles southwest of Ypres. In Picardy the Franco-British continue to block the thrust toward Amiens and are improving their positions by counter attacking near Pangard-en-Santerre and Villers Bretonneux. Yesterday afternoon and evening the British captured a total of nine hundred prisoners.

German Troops From Verdun in Flanders

(By United Press)

With British Afield, April 27.—There is comparative calm on the Flanders front following the tempestuous three days, but fighting may start any moment. Hindenburg brought Sieger from the Verdun region with 60,000 men and Von Bohlhardt with the same number at his left is co-operating in hammering away with only slight gains following the capture of Kemmel.

"What doth it profit a man, if he gain the
whole world and lose his own soul?"

We may raise great crops and we may be-
come enormously rich, but what will our farms
be worth if our armies are defeated and our
women and children are driven into captivity as
the women and children of the farmers of Bel-
gium have been.

Horrible to contemplate—but a possibility.

We must work on the farm to feed our boys "over
there." But we must put every bit of the profit we
gain from the farm into Third Liberty Loan Bonds
that our government may buy our wheat.

This is not a sacrifice, as Uncle Sam returns every
bit of the money with interest.

WOMAN'S REALM

BRAINERD WOMAN IN RELIEF WORK

European Edition of New York Herald has Interesting Article Regarding the Great Work

"THE MAISON DES PETITS"

Aims at Making Good Mothers, Baby Hygiene Will be Taught at Home, Welfare of Babies

To Brainerd Daily Dispatch:
Enclosed and a clipping from the European edition of the New York Herald which will be of interest to the friends of Miss Lillian Nielsen, now five months in France.

In her letter dated March 22nd, the predominating note is that she fulfill to the uttermost her opportunity to save the babies of France. "The babies must be saved now if never before. Save them for France who has more dead than any other nation." The death rate being 90 per cent over the birth rate at present.

People of high rank, officials of the several organizations for this work, students, doctors and mothers seek out Miss Nielsen for the instruction she so generously gives. But best of all to her are the "letters from French Polity who are at the

front writing and begging her to put their babies in "returned health," saying that if they receive a satisfactory answer that they can fight with more determination."

Miss Nielsen says the air raids do not frighten her at all, but to take twenty-five or more babies down into the cellar is no easy task.

If more money were given to this sort of thing, it could accomplish wonders. "We can use all the clothing we can possibly get for babies up to three years of age, especially the little flannel jackets and little sweaters. Anything that comes will be much appreciated and will be put to good use by me."

While the above was an appeal to Miss Nielsen's sisters, Mrs. G. H. Warner and Miss Nancy Nielsen, it is also a direct appeal to every mother this side of the Atlantic whose eye falls on these lines.

Madame Poincare, wife of the president of France, says Miss Nielsen is "a gift from Heaven" to France.

We would think so too, if we could stand beside her and see the fulfillment of her ideals when she has said "But to me there is nothing more beautiful than to see a tiny, helpless, starved baby, get better and sleep peacefully instead of crying. Before I return a baby to its mother, I teach her how to air out her living rooms, how to bathe her baby and then how to scrub and clean, sometimes it is only one room where two to six live, eat and sleep. The transformation is wonderful—and how grateful."

The European newspaper comment is as follows:

The Maison des Petits, an American organization founded by Mrs. Burton Elkins and Mrs. Marion Laws of Santa Barbara, Cal., was formally opened yesterday afternoon at 7 rue de Docteur Blanche, Passy, in the presence of Mme. Poincare and Mrs. William G. Sharp, honorary presidents.

In looking over the field of war relief work and making close investigations, Mrs. Elkins and Mrs. Laws found that the greatest need was for the individual care of the babies of France. While efforts are being made on an extensive scale for the welfare of babies in large institutions and a great work is being accomplished by the Red Cross and other big organizations which care for the children of France collectively, there is practically no organized work being done in the homes of the poor classes.

Realizing the great need of going into the homes where large families are often found in one room, to teach mothers what hygiene means, Mrs. Elkins and Mrs. Laws came to France five months ago, bringing with them Miss Lillian Nielsen, who for many years was connected with the Bellevue Hospital and is one of America's greatest specialists in this line, and quantities of supplies in the way of babies' food and clothing and full equipment for a baby hospital.

At present a hundred and nine babies are being looked after in their homes, having their food properly prepared, etc., by Miss Nielsen and her staff, and the hospital, which was opened yesterday, is reserved only for the very sick babies. There were three tiny babies there yesterday and the house has arranged to care for twenty-eight. Everything has been brought from America down to pins—and even the dainty little

ivory rattles tied to a pink ribbon on each bed. And everything has been done in true baby fashion—that is, in pink and blue. The staff of the hospital is composed of two trained nurses, besides Miss Nielsen, and five auxiliary nurses.

When seen by a Herald correspondent yesterday, Mrs. Elkins said that the 109 babies were keeping them pretty busy, but they would increase the number as the organization grew, as they were already having more demands for help than they could meet.

Miss Nielsen said: "The Maison des Petits is a foundation for the care of babies from birth until three years of age. I find that the individual care of the baby in the home is far more beneficial than separating the baby from the mother. Babies are brought into the world singly and not in droves, and they should therefore be cared for singly and not collectively. The home is the place for a baby, and our object is to care for the babies in their homes, where the mothers can be taught how to feed and care for their offspring."

War and the Churches.

One hears much nowadays about the growing reunion of the churches which the war has brought about. But a dual service which recently took place is probably unique. Not far behind the lines two services were held simultaneously in the village church—the one being the usual Roman Catholic service attended by the inhabitants—while the other was a Protestant one for a battalion of Australians "residing" in the vicinity. The proceedings opened by the singing of a hymn by the Australians to music supplied by their own band. Then the French cure addressed his flock, after which it was the turn of the Protestants—and so on—each congregation taking it in turn until the service was concluded.—London Chronicle.

At the Best Tonight

One of the most thrilling and brilliant photoplays that has ever been presented is at the Best theatre tonight, and certainly no one should miss seeing it. It is entitled "The Moral Law," and Gladys Brockwell, the William Fox star, has done the best work of her remarkable career in it. Naturally there have been crowds attracted by this happy combination of star and thrilling drama.

Miss Brockwell has done consistently good work up to this time, but not until now has she been given the opportunity that is found in the dual role that she enacts in this exciting and wonderfully interesting play. With the parts of two sisters in her hands, she displays characters and feelings that are as different as can possibly be imagined. So clearly are these two types drawn that there is no possibility of confusing them.

Mery Garden at the Best Monday

From hundreds of stories submitted by distinguished writers Mary Garden and Goldwyn's advisory board selected Kate Jordan's "The Splendid Sinner" for the singer's second appearance in motion pictures at the Best theatre Monday.

Pitched in a very high emotional key is the story of "The Splendid Sinner." A great love comes to the heroine out of a morass of lies, deceit, intrigue and passion and, like all tremendous psychological conflicts, there is a high price to pay.

With the half-world at her feet as the mistress of Rudolph Von Zorn, Dolores Fargis is made miserable by her conscience. She despises the man whose chattel she is, and when finally she breaks with him she seeks solace in the quiet of the country. In the most natural manner Hugh Maxwell, a young physician, meets her and falls under her spell. They are married and not until Von Zorn confronts his former mistress does Maxwell know what manner of a woman he has married. He leaves her in anger and bitterness.

Serving humbly and tirelessly Dolores is next seen in a French hospital, under German guard. A wounded soldier entrusts her with dispatches he is bearing to the French. In a burst of feeling husband and wife recognize each other. But they are not to be happy, for both are arrested for conspiracy. By a splendid sacrifice Dolores enables her husband to escape over the lines. The price of her daring she pays in a magnificent display of heroism.

Do You Pay Your Bills?

"Settle"

PROMPT PAY CREATES CREDIT. The bills you incurred last month are due NOW. Bills you made before last month and which still remain unpaid are OVERDUE—if you do not pay them you are imposing upon good nature.

The only reason the goods were charged to you—was for convenience sake—YOUR CONVENIENCE.

The merchant thought you were as GOOD AS YOUR WORD. He trusted you implicitly. He allowed you to take the merchandise out of his house.

NOW IT'S YOUR TURN to make good. Prove to him you're HONORABLE—that you are as good as your word—AND SETTLE.

"Honor"

PROMPT PAY CREATES CREDIT.

A man can be worth millions, yet so slow in settling his obligations as to make merchants hesitate in trusting him with their wares.

A ditch digger, laboring daily for a mere pittance, but realizing the importance of PROMPTLY MAKING GOOD HIS WORD, can buy, unquestioned from the same merchant.

It's not the irony of Fate—it's just HONORABLENESS—a full realization of the word "HONOR."

Promptness

"A STITCH IN TIME SAVES NINE"

An old saying, but a truer one was never said. It applies to everything where PROMPTNESS COUNTS—and promptness counts in everything.

It's the STITCH IN TIME THAT SAVES CREDIT. It also saves HONOR, EMBARRASSMENT AND SELF-RESPECT.

The man who pays his bills can look the whole world in the face. And better still—the man who pays his bills can buy again—and say "Charge it."

PROMPT PAY CREATES CREDIT, and credit is the most valuable thing in the world.

To weed out the men and women who do not pay their bills—who do not value their honor—THE BRAINERD BUSINESS MEN'S ASSOCIATION was formed. The association consists of practically all the retail merchants in the city. They have a clearance house, through which they clear credits. In an instant it is possible for any member of this association to find how a customer has been paying his bills with any other member. This eliminates the undesirable customer who makes it a habit of buying first from one merchant then another without meeting his obligations. If you pay your bills, or you don't, every merchant in this association knows it—and credits you accordingly.

DRAFT MEASURE
PASSES HOUSE

Provides for Registering Men
 Reaching 21 Years Since
 June 5, 1917.

KAHN MAKES ESTIMATE

Republican Member of Military Affairs Committee Says From 500,000 to 700,000 More Men Will Be Available.

Washington, April 25.—The Senate resolution for the registration for military service of young men who have reached the age of 21 years since June 5 last, had been adopted by the house. The measure now goes to conference.

An amendment offered by Representative Hull of Iowa and adopted 119 to 81, provides that men registered under the bill shall be placed at the bottom of the classes to which they may be assigned.

Medics Not Exempt.

The house sustained the military committee in striking out a provision of the bill as it passed the senate which would exempt from registration those eligible who have entered medical or divinity schools since June 5 last.

Representative Kahn of California, ranking Republican on the military committee, told the house the proposed new registration would place from 500,000 to 700,000 new registrants available for military service. In that connection he recalled that Germany recently called into service its class of 1919, consisting of approximately 550,000 men.

Dent Opposes Amendment.

Chairman Dent of the military committee, opposed the amendment of Mr. Hull. He said he understood it is the plan of the war department to place the newly registered at the bottom of the respective classes unless something unforeseen occurs to prevent, but did not believe it proper to tie the hands of the department by an amendment which would require that action.

Mr. Kahn also opposed the amendment and declared there are thousands of young men now under 21 who volunteered at the beginning of the war and who now are serving in France.

 of Prussians.

London, April 27.—Leon Trotsky, Bolshevik war minister, it is reported, has gone to Murmansk, northern Finland, to try and induce Russian forces there to resist northern advance of Germans.

Good feeling between the Allies and the Russians is reported to be increasing in Petrograd and Moscow. In this latter respect it is said that the sentiment of a majority of the population has undergone a radical change in the last five or six weeks.

The general feeling six weeks ago was distinctly anti-ally and many places openly were pro-German. Today sentiment is said to be violently anti-German and the attitude toward the Allies is declared to vary from suspicion of the Japanese to a friendly attitude toward the French and English and open friendliness toward the United States.

LABOR WANTS FINISH FIGHT

American and British Toolers Unite
 On War Policy.

New York, April 27.—British and American labor is united and ready for a finish fight with German autocracy, according to a cabled report from the American Federation of Labor mission to England, received here.

"British labor agrees with American labor regarding the aims cited by President Wilson," the cable stated. "What is more important is that the movement in Great Britain for a conference of Allied and German workers has almost disappeared. Even Arthur Henderson, labor leader, has declared his unwillingness to negotiate with the Germans."

"Solidarity against the enemy hordes," the report stated, "is the new note of British labor. It is assured this solidarity will continue until Prussian autocracy is defeated and the people of the whole world, including the workers of the Central empires, are freed from despotism. The Prussian autocrat, if he is wise, will fear the new solidarity of Allied labor as much as an overwhelming armed force in the trenches."

These include several Merritt mines, the new Sultana and Marcus Feighshafts, the Ferro, Joan No. 1, Algoma and proposed Adbar pit mine. Manganiferous ores are in demand in war times. All these mines named are in the manganiferous belt of the Cuyuna range.

The Adbar Mining Co. has three drills working in the north half of the northwest quarter of section 4, township 46, range 29. A body of fine ore has been discovered suitable for a pit mine.

The Cuyuna-Sultana has com-

menced a shaft in section 34, township 47, range 29 which is in the corporate limits of Trommald. Marcus Feigh has commenced a shaft in section 34, township 47, range 29. The Merritt people are sinking three more shafts on the same forty in the northwest quarter of the northwest quarter of section 33, township 47, range 29.

The Omaha mine, as the Wilcox is now called, situated at Woodrow, has installed its ore dryers. One unit of the dryers is being operated. A new electrically driven air compressor has been installed.

GAVE LECTURE ON "OUR COUNTRY"

Dr. Thomas McClary Spoke at the Methodist Church on Friday Evening

FORMERLY PRESIDING ELDER

Has Been Methodist Preacher Over Half a Century—Old Friend of Rev. F. W. Hill

Last evening at the Methodist church the patriotic address on "Our Country" by Dr. Thomas McClary, noted lecturer and humorist, was much enjoyed. The choir sang several appropriate numbers and the doctor read four original poems, "The Soldier's Farewell," "The Mother," "The Mother's Farewell to Her Soldier Boy" and one on "The Kaiser," all of which were much appreciated and well received.

The lecturer kept up his reputation of using methods of expression pathetic and sublime.

Dr. McClary is one of the oldest members of the Northern Minnesota Conference and was formerly presiding elder of this district, having been a Methodist preacher for over half a century. He has a fertile memory and although in his 78th year, retains much of his youth and vigor in a marvelous way. His attitude toward the war and present time theological views are remarkably up-to-date and in many ways surpasses some of our would-be modern thinkers.

Dr. McClary is an old time friend of Rev. and Mrs. F. W. Hill and will spend a day or two in Brainerd and as consented to preach Sunday morning at the Methodist church at the 10:30 service. This will be another splendid opportunity for his old friends to once again enjoy one of his sermons.

CAR OWNERS CAN HELP THE FARMER

Washington, D. C., April 27.—Pleasure-car owners can help farmers, help their families, and help the nation stop a serious waste of food if they will make it a practice to buy Irish potatoes from farmers and bring them back, for home use, in their cars.

Some 30 million bushels of potatoes are on hand and unless consumed are likely to spoil or sprout within a few weeks. Many farmers have been unable to move their holdings because of transportation difficulties. Autoists can help them move their surplus and thus make available one of the best substitutes for wheat.

PLEASURE-CAR OWNERS
 Help move the Irish potatoes on nearby farms by bringing a bushel home on your next trip through the country.—United States Department of Agriculture.

BUICK CAR OWNERS

Dr. R. A. Beise, Mayor of the City, Has a New Four Passenger Six Cylinder Coupe

The fleet of Buick cars is being rapidly augmented in this city. The John T. Imgrund garage reports these sales:

Dr. R. A. Beise, mayor of the city, bought an E-46 coupe of four passenger, six cylinder type.

Hugo Elmer of Deerwood, Eli Storch and H. J. Breen of Crosby have bought sixes.

Eli Caron, John Hughes and William Garvey are owners of four cylinder cars.

The talking point emphasized by John T. Imgrund is the valve-in-head motor and the economical use of gasoline claimed, 18 to 22 miles on a gallon of gas.

BRAINERD'S OLDEST STORIES OF TODAY

See what the Staples World has to say about Brainerd's anti-cutting across lots ordinance: "An ordinance has been passed at Brainerd against cutting across lots instead of following streets and sidewalks, to the damage of lawns and grass. That is a good thing and could be copied to good advantage here in Staples where school kids will even take the trouble to open and close two gates if thereby they can walk over a lawn and save ten or fifteen feet on the way to or from school."

The Password for Tires

CHALLENGE every tire before you buy. Make it give the watchword of tire quality, Tested. Make it show the countersign of tire supremacy, the Goodrich trademark. If a tire answers "Goodrich Tested," buy it. It is a friend.

It will give you full and lasting service because its service, put to the nation-wide road test of Goodrich Test Car Fleets, has measured up to the Goodrich standard of tires, the Tested of—

GOODRICH TESTED TIRES

There is no risk with the tire that can give the password "TESTED," for no weakness, no structural failing, could hide itself during the month to month, season to season, testing of the Test Car Fleets.

SILVERTOWN CORDS, and BLACK SAFETY TREADS, challenged America's roads, and under light and heavy cars fought sand, gravel, and rock, in rain, mud, snow, and slush, and defeated them. The spiral-wrapped, cable-cord tire body stood staunch against the hammering of mountain trails. The close-clutch, cross-barred, non-skid black safety tread, baffled the teeth of desert and prairie paths.

Demand this password of all tires before you buy, and you will get the durability, dependability, and economy of the tires which the roads of every region of our land proclaim, "America's Tested Tires."

RECORD OF THE PAST

No Stronger Evidence Can be Had in Brainerd

Look well to their record. What they have done many times in years gone by is the best guarantee of future results. Anyone with a bad back, any reader suffering from urinary troubles, from kidney ills, should find comforting words in the following statement.

Wm. Bourquin, carpenter, 913 Seventh St., Brainerd, says: "Some time ago I was suffering from kidney and bladder complaint and the kidney secretions were to frequent. I had backache and pains through my sides. The trouble kept me from my work and gave me much annoyance. I used Doan's Kidney Pills and soon had relief. Now the aches and pains are gone." (Statement given October 28, 1913.)

On November 3, 1917 Mr. Bourquin said: "Colds sometimes disorder my kidneys but I can rely on Doan's Kidney Pills to relieve me. I have the same good words for Doan's as when I previously endorsed them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bourquin had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.—Adv.

CHAMP CLARK DECLINES TOGA

Speaker Chooses To Remain In House Rather Than Succeed Stone. Washington, April 27.—Speaker Champ Clark has formally declined Governor F. D. Gardner's proffer of the Missouri senatorship to fill the vacancy caused by Senator W. J. Stone's death.

In a letter to Governor Gardner, declining the nomination, Speaker Clark declared he believed he could give greater service to his country by retaining the speakership of the House.

Democratic leaders here predicted that Governor Gardner now will offer the nomination to Judge Waller W. Graves of the Missouri supreme court.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

DUTCH FORCES ARE PREPARED

All Leaves of Absence for Land and Sea Forces Have Been Suddenly Stopped.

CLAIMS TROUBLE OVER

Statement Asserting That Differences Have Been Adjusted Is Given Out By Berlin Minister At The Hague.

The Hague, April 27.—All leaves of absence of the Holland land and sea forces have been cancelled by the commander-in-chief.

Referring to the tension between Holland and Germany, the Rotterdam correspondent of the Daily Telegraph says he understands the Dutch government already has taken preliminary steps to bring into force certain military measures.

German Claim Settlement.

London, April 27.—The German minister at The Hague, according to a dispatch from Amsterdam, made a statement to the effect that the differences between Holland and Germany were practically settled.

At the Dutch foreign office no confirmation of the statement could be obtained.

Uruguay Dislikes Berlin Reply.

Montevideo, Uruguay, April 27.—It is rumored here that the German reply to Uruguay's inquiry as to whether the German government considered that a state of war existed between Uruguay and Germany is an unsatisfactory one. It is expected an official statement on this subject will be issued tonight.

U-Boat Episode Brought Query.

Washington, April 27.—Uruguay's inquiry to Germany asking whether Berlin considered a state of war exists between the two countries was caused by the action of a German submarine commander, who recently stopped a Spanish steamer and took off the Uruguayan commission to France.

The submarine finally permitted the commission to proceed, but the act so aroused the Uruguayan government that a sharp inquiry was sent to Berlin.

An unsatisfactory reply, which it is indicated Berlin has made, is considered as strengthening the probabilities that Uruguay may soon enter the war as recently forecast from London.

LOOKS AFTER SOLDIER BOYS

Secretary Baker Says Government Is Doing All in Its Power.

Cleveland, Ohio, April 27.—Secretary of War Newton D. Baker delivered in Cleveland to mothers, fathers, sweethearts and friends of those "Over There," the message that this government is doing all in its power for their well-being.

Mr. Baker was accorded one of the conspicuous triumphs of his career when he was the honored guest of thousands of his former fellow citizens, who had gathered to hear his first public address in Central Armory since his return from France.

Mr. Baker is in Cleveland at the invitation of the Liberty Loan committee, to spur the city and country on to its loan goal.

EMBARGO AGAINST THE U. S.

Put On Supplies Needed By This Country For War.

Washington, April 27.—Holland has placed an embargo on the exportation from the Dutch East Indies of tin, tin ore, cinchona bark, quinine, quinine salts and kapok, all of which are needed in large quantities by the United States for war purposes.

Official notification of the embargo effective April 22, has been received and has caused much perturbation. It was suggested the measure was in retaliation for the American requisitioning of Dutch ships, or as a result of German pressure.

AUSTRIANS CLAIM VICTORY

Assert Enemy Vessels Were Sunk In Naval Battle.

Vienna, via London, April 27.—The Austrian admiralty issued the following statement: "On the night of April 22 our destroyers advanced in the Straits of Otranto (between the southeastern tip of Italy and Albania). Enemy (vessels?) were destroyed and (others?) seriously damaged in battle. "Our forces returned safely."

Resche Denies Inefficiency.

Duluth, April 27.—F. E. Resche, former brigadier-general, said relative to his discharge from the service: "I would welcome an investigation as to my conduct at Camp Cody, as to the efficiency of the command or any disloyal utterances purported to have been made by me. My discharge came with that of thirty-two others at Camp Cody, among whom was another brigadier general. It was a discharge due to government regulations and the law relative to those German born and to nothing else."

LONG STRUGGLE AHEAD

French Envoy Says America Must Hasten Troops.

May Be Months Before Bloody Fighting On West Front Brings Decision.

Washington, April 27.—"It may be months before a decision in the bloody fighting on the west front is realized. America must expect and prepare for a long and bitter struggle."

"Today the Allies are outnumbered by their foe. The situation is serious. The duty of the American government, the laboring man and the people at home is to make haste now. A successful outcome is assured."

This summarizes a remarkably frank discussion of the Allied war situation by M. de Billy, French deputy high commissioner to the United States, who has just arrived here from France with French officers who were in the thick of the German onslaughts in the West.

Preparing for Long Struggle.

Having failed in their original intention of separating the French and British lines, the Germans, they say, now are preparing for a long continued drive—and it may be many weeks before the end is in sight.

Talking with these men, who have actually witnessed the recent battles in France, one is impressed by the tremendous earnestness with which they seek to drive home the vast effort necessary by America now.

At the same time the complete confidence they have in the future is clearly conclusive of the German failure to shatter the morale of French troops or people.

Man power is the first vital demand on America today, M. de Billy declared. England is rushing great reserves to France and the French are mustering all the reserves they can. The great reservoir, however, is the United States. Troop shipments from here must be hastened to the utmost.

KANSAS BANKERS ACCUSED

Farm Loan Board Says They Are Discrediting System.

Washington, April 27.—Charges that a group of Kansas mortgage bankers instituted a nationwide campaign to discredit the federal farm loan system are made in a statement issued by the farm loan board.

Criticism has been directed at the farm loan plan from several sections of the country recently and this also is charged to private interests "which have been forced to lower their rates by federal farm loans." The fight has been carried to congress by means of the distribution circulars, mailed broadcast, containing alleged misrepresentations. The circulars, the statement says, are written to give an incorrect impression.

In making public details of the new attack on the federal loan system, members of the board declared they were seeking only to warn land owners against accepting "incorrect and baseless information which is being distributed by financial interests opposed to the farm loan law."

Whereas default has been made in the conditions of a mortgage given by Florence C. Sowell and Ralph J. Sowell, her husband, as mortgagors to Charlotte P. Lum as mortgagee dated July 1st, 1915, and registered in the records in the office of the registrar of titles of Crow Wing county, Minnesota, on July 12th, 1915, in volume two (2) on page two hundred twenty-six (226) at 6 o'clock P. M., as document No. 2402, and covering and mortgaging "Lot sixteen (16) in block A in Lake Park Division of Crosby according to the plat thereof on file in the office of the registrar of titles in and for said county," said land being situate in said Crow Wing county and the title being registered, whereas such default consists of failure to pay the note due in two years for \$1000 described in the mortgage and failure to pay the taxes for 1916 on said real estate and mortgagee is by said mortgage and notes empowered to declare and does declare the whole sum evidenced and secured as due and payable and there is therefore due and payable \$2000 with interest at 7% per annum from January 1st, 1918, making at this date \$2038.88. Two Thousand Thirty-eight and 88-100 Dollars.

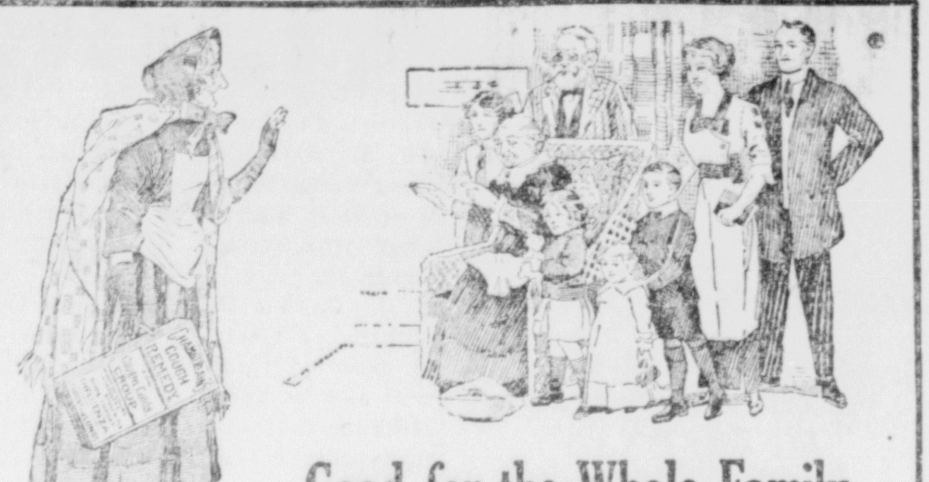

Now therefore notice is hereby given that pursuant to statute and the provisions of said mortgage, the real estate in said mortgage, and above described will be sold by the sheriff of said Crow Wing county at the front door of the county court house in Brainerd, Minnesota, at two o'clock in the afternoon of May 27th, 1918, at public auction, to the highest bidder for cash to satisfy so far as possible the amount due and costs of foreclosure including attorney's fee of fifty dollars.

Dated April 13th, 1918.

Good for the Whole Family

"Granny" Chamberlain "A good cough remedy is one that can be depended upon to cure coughs. Not one that cures some particular cough, but coughs in general. It must be a cough remedy that can be relied upon for all the different coughs that are so prevalent. While the causes of all coughs are primarily the same, yet the condition of the patient is what makes the difference in the nature of the cough itself. Coughs of healthy persons are easier to cure than the coughs of invalids. The powerful convulsive cough of a large man is harder to cure than the cough of a baby. If you get a remedy that will cure a large man's cough and yet not be too powerful for the baby, you have a good cough remedy."

Chamberlain's Cough Remedy

is just this kind of remedy. It is good for any member of the family. It relieves coughs of all kinds. It is the product of much thought and study to produce an ideal cough remedy. It is composed of things which cure easily and soothingly without harming the most delicate tissues of the throat. It acts as easily and safely on the young as on the old, and is the ideal remedy for coughs, colds, croup, influenza, whooping cough and bronchitis."

Yours for Health — "Granny" Chamberlain.

Make the World Safe for Your Children

SEVEN score and two years ago, our fathers brought forth on this continent a new nation, conceived in liberty and dedicated to the proposition that all men are created equal. Now we are engaged in a great war, testing whether that nation or any nation so conceived and so dedicated, can longer endure.

The German Emperor challenged our right to exist as a free nation when he said, "From childhood I have been under the influence of five men, Alexander, Julius Caesar, Theodor II, Frederick the Great, Napoleon. Each of these men dreamed a dream of World-Empire—they failed. I am dreaming a dream of the German World Empire—and My Mailed Fist Shall Succeed."

After nearly four years of war, the Ger-

man armies have subdued one hundred and eighty-seven millions of the human race.

We have sent our boys to the battlefields in France to give their lives, if need be, to make the world safe for democracy.

Our government is now calling on us for a loan that our boys may be properly equipped when they go out to face the German monster.

If the "Mailed fist" should succeed, the world would no longer be safe for your children.

As you love your children, subscribe to the Third Liberty Loan.
